Kindly recite Sura E Fatiha for Marhumeen of all those who have worked towards making this small work possible.

The Importance of the Du`á Jáwshán-ál Kábeer

**Jawshan means "chain armour", in some hadith it is mentioned that it is a protection for a person: from safety on leaving home, from sickness or on death. It is in a hundred sections, each of which contains tens of the names of Alláh S.W.T**

The Importance of the Du`á Jáwshán-ál Kábeer

**It has been mentioned in the book, Balad al-Amin and the Misbah of Kafa`mi that Imam `Ali ibn al-Husain Sayyid as-Sajjidin (a) related from his father from his grandfather the Prophet of Alláh (s) that this supplication was taught by the Angel Jibra`il (a) to the Prophet (s) during one of the battles.**

The Importance of the Du`á Jáwshán-ál Kábeer

**It was in one of the wars that the Prophet (s) had taken part in which he had a very heavy and expensive coat of armor on to protect himself. It is related that the coat was so heavy that it was hurting the body of the Prophet (s). In this state, the Angel Jibra`il (a) came to the Prophet (s) and said:**

The Importance of the Du`á Jáwshán-ál Kábeer

**“O’ Muhammad! Your Lord conveys his salutations to you and has said to take this coat of armor (Jawshan) and to recite it as this is a protection for you and your Ummah.”**

**At this point, the Angel continued to give the Prophet (s) an explanation on the greatness of this supplication, which we will omit from here due to lack of space.**

The Importance of the Du`á Jáwshán-ál Kábeer

**However it suffices us to state that whoever reads this supplication with a pure intention in the BEGINNING of the holy month of Ramadhan, Alláh (Glory and Greatness be to Him) will grant him sustenance on the Night of Power and will create for this person 70,000 Angels who will all be busy in the praising and glorification of Alláh (Glory and Greatness be to Him) and will give this reward to the person who has read this supplication.**
